

GRADUATE POLICIES

Graduate Policies contains the policies, procedures, regulations, and deadlines, as created and revised by the Graduate School's Policy Committee.* Revisions are finalized by the Graduate Council, after a one-month comment period open to Graduate Faculty. It is the student's responsibility to know and to follow all policies, procedures, regulations, and deadlines. Each graduate program maintains a handbook that describes admission expectations specific to that program and may have additional regulations.

Official University Communication: According to UNCG University policy, e-mail is the official method of communication. All official communications will be transmitted through UNCG University e-mail to students' official UNCG email addresses at the "uncg.edu" domain. Students are responsible for monitoring this e-mail account at all times while enrolled at UNCG. Failure to monitor this account may result in missing important announcements and deadlines and will not serve as a basis for an appeal or modification of deadlines. For answers to questions about Graduate School policies, contact the Office of the Dean of the Graduate School at 336-334-3287 or e-mail the Dean's administrative assistant.
