

# ACADEMIC ADVISORY COMMITTEE

---

The academic program's Graduate Program Director (GPD) or its Department Head assigns each graduate student an initial academic advisor(s). This initial advisor (documented in Banner) could be the GPD or any other member of the Graduate Faculty. If the Department appoints Academic Advisory Committees, the appointment form must be submitted no later than the close of the registration window for the second semester of study, before the completion of eighteen (18) hours.
