

# WITHDRAWAL FROM THE UNIVERSITY

---

Undergraduate students who find that they must withdraw from the university can do so by withdrawing from all courses through UNCGenie. Undergraduates who withdraw from all courses are considered to be withdrawn from the university.

Students withdrawing from the university within the term's withdrawal period as published on the Academic Calendar will be indicated on the transcript with a grade of WT (Withdrawn - Total). All WT courses count as attempted hours and are subject to financial aid and Satisfactory Academic Progression rules and calculations; they do not count in academic standing calculations or GPA calculation.
