

ACCOUNTING, M.S.

The M.S. in Accounting is one of the longest running and most successful programs in graduate-level accounting education in North Carolina and is among the top 1% of programs worldwide to have supplemental AACSB accreditation. The program satisfies the 150-hour educational requirement adopted by most states, including North Carolina, for certification and licensure as a CPA. The program has a strong reputation for its internship program and job placement as well as an excellent record of preparing students to pass the CPA examination. In addition, students in the M.S. in Accounting program have the option to specialize in Tax or Financial Reporting and Assurance.

The M.S. in Accounting program admits students from all backgrounds. For students that have fulfilled the essential prerequisites, the program requires 30 credit hours of graduate course work. The program has a flexible structure designed to be full-time for the intensive student or part-time for the working professional. Due to the importance of a strong accounting foundation, students whose previous accounting course work indicate deficiency in one or more accounting courses may be required to complete one or more prerequisite courses as part of the program.

We also offer a professional entry option for students holding previous non-accounting degrees and who now have an interest in preparing for careers in public accounting, consulting, and corporate accounting. This option is also ideal for students who have an undergraduate degree in accounting from outside of the United States. The professional entry option requires any necessary qualifying prerequisite courses and two additional required core courses.

Applicants are expected to have a basic business background including an introduction to economics, statistics, financial accounting, and managerial accounting. Applicants that do not have this background will be expected to meet these minimum requirements before beginning the M.S. in Accounting program. These basic business courses are offered each semester, including summer. It is possible for students in need of these courses to apply to begin in the fall term and take any necessary introductory courses over the summer.

Most full-time students can complete the program in 12 to 18 months, and most part-time students can complete the program in 24 to 36 months. The length of time necessary to complete the program depends on the student's accounting and business background as well as the course load chosen by the student.

Accelerated B.S. to M.S. in Accounting Application and Admission

Qualified UNC Greensboro undergraduate students who are pursuing the Bachelor of Science in Accounting may be nominated to participate in the Accelerated Master's Program by the Graduate Program Director. Students must have completed a minimum of 60 credit hours with at least 30 credits and a cumulative undergraduate GPA of at least 3.5 at UNC Greensboro. The Department of Accounting and Finance

also requires an Accounting GPA of 3.5 based on at least 9 credits of accounting classes earned at UNC Greensboro. Students must have completed accounting courses through ACC 318 Intermediate Accounting I with a minimum grade of B or better.

Courses

Admitted students may apply a maximum of 12 credits from the following graduate-level courses toward completion of both the undergraduate and graduate degree provided that they earn a grade of B (3.0) or better in the course and fulfill graduate-level requirements of the M.S. in Accounting:

Code	Title	Credit Hours
ACC 561	Governmental and Nonprofit Accounting	3
ACC 602	Federal Tax Concepts	3
ACC 604	Auditing Concepts	3
ACC 621	Accounting Internship	3
